TO WHOM IT MAY CONCERN

This is to certify that the Institute of Applied Quality Management, Kolkata was appointed by our organization for rendering consultancy services in obtaining NABL Accreditation of our Chemical Laboratory .

Ours is a non-profit environmental research organization recognized by the Department of Scientific and Industrial Research (GOI) and West Bengal State Pollution Control Board. We conduct analysis of air, effluent and water in connection with pollution related issues. Our Laboratory has got NABL accreditation on the above mentioned parameters.

Mr. Sambhu Chakraborty – Director of the Institute of Applied Quality Management - rendered consultancy support to us in processing our case for getting NABL accreditation.. Mr. Chakraborty addressed the task in a professional manner and completed it successfully as per terms of contract spending just 13 days with our scientists in the lab. This was possible because of his systematic approach and hard work..

We wish him and his Institute every success.

Bikash C. Poddar
Hony. Secretary
